	K10 PRR	8.5	4.0	12
	K10 PRR	9.0	4.0	12

The diagram shows two views of a wood chisel tooth. The left view is a side profile showing a rectangular tooth with a dashed line indicating a groove. Dimension C is the total height, L is the width, and E is the length of the cutting edge. The right view is a perspective view of the tooth's tip, showing its beveled shape and the cutting edge length E.
